March 12, 2020

Mill Neck Residents,

We are all concerned about the spread of the Coronavirus. As we continue to hear more about this situation and how it is being monitored we should take the precautions suggested by Centers for Disease Control and Prevention.

In order to help contain the spread of the virus, take the necessary precautions such as:

- Washing your hands often for at least 20 seconds;
- Avoiding touching your eyes, nose, and mouth;
- Avoiding physical contact like handshakes and hugs, especially if COVID-19 is spreading in your community;
- Staying at home if you are sick;
- Avoiding large crowds when possible; and
- Minimizing travel as much as possible.

Below are links to a flyer with helpful information along with a website from the Centers for Disease Control and Prevention

[A helpful flyer](#) from the Centers for Disease Control and Prevention.

Additionally, only share verified and confirmed information and educate yourself on best practices at www.coronavirus.gov.

For more information specific to New York, please check the [New York State Department of Health website](#) and if you experience symptoms of the Coronavirus, call your doctor and/or your specific county Coronavirus hotline at the number below:

- Nassau: (516) 227-9639

Sincerely,

Mayor and Board of Trustees
