April 22, 2021

Dear Village Residents,

The car thieves have been visiting the North Shore of Long Island once again. A number of cars have been stolen in neighboring Villages and this past week two cars from residences on Mill Hill Road and Mill Neck Estates were stolen. In all of these cases the cars were left open with the keys left in the cars.

Please make sure you lock your cars in your garages and driveways and take the keys inside your homes. Make sure that any visitors to your homes do the same. Fortunately, one of the cars has already been recovered.

We have also been hit by mail thieves, who have been arrested three times by the Police but due to the new laws regarding bail in New York State, they are almost always immediately released. The Postal Inspectors and the Old Brookville Police Department continue to be vigilant and are working on this problem. Retrieving your mail from your mail boxes shortly after delivery will help all of us from falling victim to this crime.

As the saying goes, "If you see something, say something". The Old Brookville Police Department can be reached 24/7 by dialing (516) 626-1300 or for emergencies 911.

Sincerely,

Peter Quick
Mayor
